Assessment

The first time Nessy is played, the 'Explore Nessy' video explains the navigation menus. Completing activities is rewarded with Nessy nuggets.

After the video has played you will see the Nessy islands. The program is structured into ten island levels of 100 lessons. To begin with, all the islands are open. Any game can be played but no progress data will be saved.

To find an appropriate starting level, students should play the 'Nessy Challenge' game. This assessment will set 5 lessons as learning targets.

Ten island levels

Click on 'Set Targets' then select 'Reading' or 'Spelling'.

After 5 errors the assessment will end and learning targets will be set.

The game will automatically save at the end of each level so if the game is abandoned a student can return to complete it later.

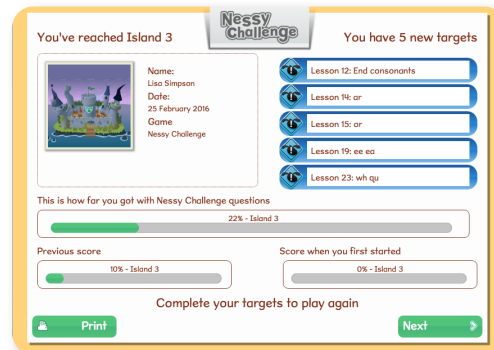

It is important that no help is given during the assessment game, or the student will be given a learning level that is too difficult.

Student Targets

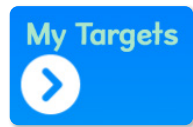

The assessment will set a baseline result for all future progress.

Learning targets and assessment results can be reviewed and changed in reports.

The game report will compare previous and current results.

Use 'My Targets' to see which lessons need to be completed.

Now that learning targets have been set, lessons on high level islands have become hidden behind clouds.

Reading targets are blue.

Spelling targets are pink.

Click a row to load a lesson.

Games Develop the 5 Core Components of Structured Literacy

1. Phonological Awareness

The development of phonological ability is an essential foundation skill before phonics instruction.

Chunking, onset and rime.

Phoneme isolation and rhyming.

Learn the principles of chunking longer words into syllables.

Identify prefixes and suffixes to develop word analysis skills.

2. Phonics and Word Recognition

Nessy develops phonemic awareness by introducing small groups of sounds then immediately progressing to blending the sounds into words.

Phoneme blending.

Speed up whole word recognition.

Spelling

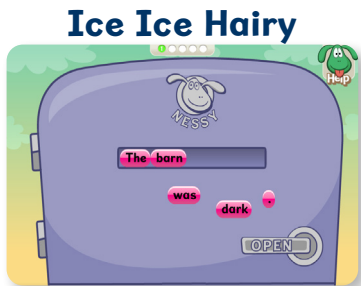

Spelling activities follow on from reading in the same lesson.

Complete the word.

3. Fluency

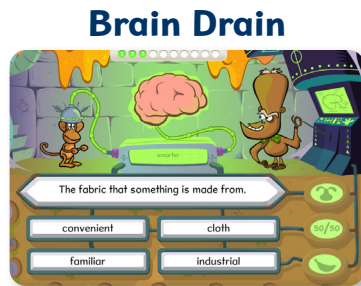

Fluency is how quickly and accurately text can be read. Accuracy is developed by sentence reading games.

Sequence words into a complete sentence to develop fluency.

4. Vocabulary

Understanding the meaning of words is an essential element of reading.

Read a definition and select the matching word.

5. Comprehension

Comprehension is linked to vocabulary. These skills are developed when the student has moved beyond single words.

Find the missing word to complete the sentence.

Hands Off My Bananas

Spell words.

Hairy Jumper
